### RESOURCE: AFFORDABLE CONNECTIVITY PROGRAM FULL ENROLLMENT OVERVIEW GUIDE FOR DISTRICT STAFF

#### DISTRICT NOTES

**How to use this resource:** The following document provides a comprehensive overview of the online ACP enrollment process (online enrollment system is available in English and Spanish). This guide will help you support your families in signing up for the ACP. It provides a step-by-step guide to assist families in the online enrollment process.

This document also provides links to paper forms to submit via mail. Should your family apply online or via a mailed paper application?

- Applying online is ideal, since approval may be immediate, but requires an internet connection, an email, and the ability to upload qualifying documents. Mailed applications are lengthier to process, especially if any documentation is missing or if the USAC is unable to confirm eligibility from the documents submitted.

#### Recommendations and best practices:

# PURPOSE OF THIS GUIDE

The Affordable Connectivity Program (ACP) helps families connect to the Internet from home by providing a monthly benefit of up to \$30 (up to \$75 on qualifying Tribal Lands). The ACP is a long-term \$14 billion program of the Federal Communications Commission (FCC). The ACP began December 31, 2021, replacing the Emergency Broadband Benefit (a temporary program tied to the pandemic). This guide will help you support your families in signing up for the ACP. It provides a step-by-step guide to assist families in the online enrollment process.

## WHAT DOES THE BENEFIT PROVIDE?

- A discount of up to \$30 a month for broadband service (\$75 for on Tribal lands).
- A one-time discount of \$100, with a co-payment of more than \$10 but less than \$50, toward the purchase of a connected device (laptop, desktop or tablet) through a participating provider.
- A household is eligible for one benefit and one discount.

## 1 HOW DOES THE FAMILY ENROLL?

**Determines if they (or a dependent) are eligible for the ACP, and shows proof of eligibility.** A household is eligible if a member meets at least **one** of the [criteria](#) below. The household may have to provide [documents to demonstrate eligibility](#).

## 2 Applies via one of three options:

1. Online at [ACPBenefit.org](https://acpbenefit.org) (National Verifier)
2. Mail in an application ([English](#) or [Spanish](#)) and return it along with proof of eligibility to: **ACP Support Center, P.O. Box 7081, London, KY 40742**
  - For more information, see the [ACP Application Instructions](#)
  - It is recommended to include a Household Worksheet with the application ([English](#) or [Spanish](#)). See the [Household Worksheet Instructions](#) for directions.
  - Print a [cover sheet](#) so that USAC can match documents with the application.
3. **Contact a participating broadband provider** directly to learn about their application process. For a full list of participating providers see: [acpbenefit.org/companies-near-me/](https://acpbenefit.org/companies-near-me/).

*(Note only certain providers have been approved by the FCC to use an alternate application process and to enroll households directly, so most will need to apply via the National Verifier).*

## 3 Receives confirmation that they have qualified. The applicant selects a [participating internet provider](#) (also can search [USAC's online tool](#)).

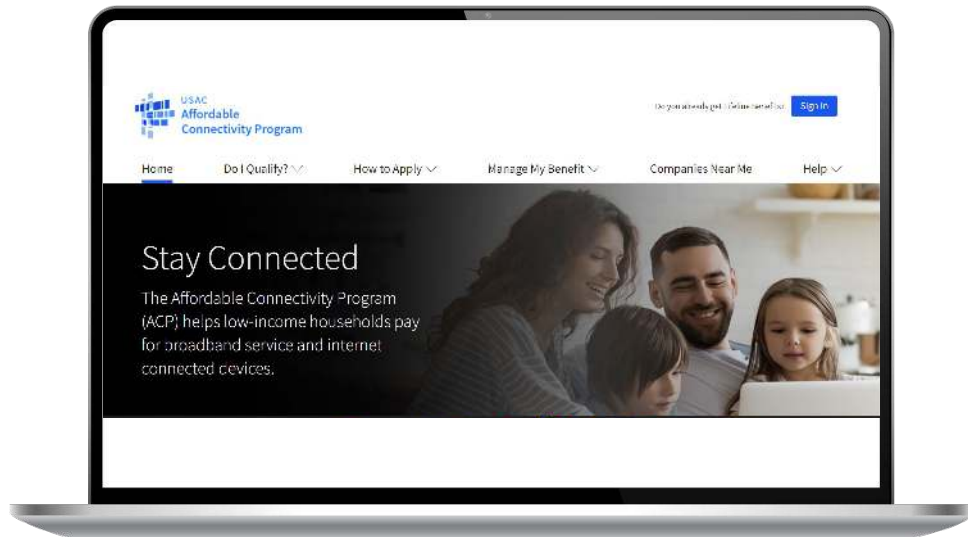

## 4 Contacts the internet service provider, provides their application ID, and selects one of the provider's service plan(s). Note that all internet plans are now eligible if the internet service provider is participating in the ACP.

## 5 Enrolls with the internet service provider, provides the provider with their ACP code/approval

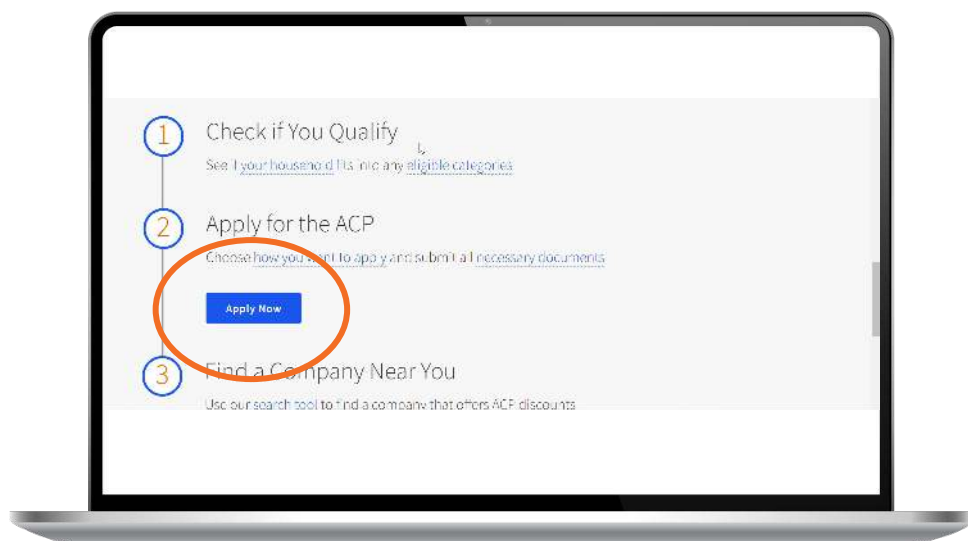

- The provider may also have their own application that the applicant needs to fill out.

# ACCESS THE NATIONAL VERIFIER ONLINE

The family visits: [acpbenefit.org](https://acpbenefit.org)

They scroll to the bottom of the page and select the “Apply Now” button

The main content area has the heading "Your Information" in blue, followed by the text "We will use this information to find out if you qualify for the Lifeline Program or the [Affordable Connectivity Program \(ACP\)](#)." # CONFIRMATION OF QUALIFICATION FOR THE ACP

They will receive the following confirmation page once they've been qualified. The next step will be for them to contact their internet company to tell them they have been approved by USAC and to select an eligible service plan. Note that they have 120 days to sign up with a participating provider.

## You Qualify for the Affordable Connectivity Benefit! Now, it's time to sign up with a provider.

Your application has been approved. If you haven't already done so, your next step is to sign up with a participating internet company by \_\_\_\_\_ (based on US Eastern Time) so you can begin receiving discounted broadband service through the [Affordable Connectivity Program \(ACP\)](#).

Instruct the applicant to navigate to their dashboard where they can ensure their application ID is ready to be used with an internet company.

The screenshot shows the Lifeline National Verifier dashboard. At the top, a blue header contains the text "Lifeline National Verifier" (circled in red), "English | Español", and "Your Account". Below the header, a yellow banner states: "Benefit Program are no longer available. Starting on Friday, December 31, 2021 you may apply for the Affordable Connectivity Program. To learn more about the Affordable Con during this time." The main content area has a "Welcome" heading, followed by the text "Lifeline is a federal program that lowers the cost of phone or internet services." and a link "Learn more about the Lifeline Program". Below this is a "My Applications" section with the text "Here are all your applications from the last 180 days. You can start a new application when your last one expires." and two buttons: "Start Lifeline Application" and "Return to Application". A table below shows application details:

Application Type	Application ID	Application Created	Expiration Date	Status
Affordable Connectivity (ACP)				Qualified

Annotations on the screenshot:

- A green arrow points from the text "At any point during the application process, the applicant can click 'Lifeline National Verifier' to be redirected to their dashboard." to the "Lifeline National Verifier" header.
- A green arrow points from the text "Before using their Application ID with an ISP, ensure the ID status reads 'Qualified'" to the "Qualified" status in the table.

The next step will be for them to contact their internet company to tell them they have been approved by USAC and to select an eligible service plan. Note that they have 120 days to sign up with a participating provider.

If you do NOT sign up by \_\_\_\_\_, you will have to reapply for the [Affordable Connectivity Benefit](#).

*Even if you want to receive the benefit from your current broadband service provider, you still need to contact them to start receiving the benefit.*
